ABOUT ME

Indie game developer and 2D game / UI designer with 3.5+ years in mobile game studios. I design game screens, HUDs, shops, popups and 2D game art, and hand off clean, Unity-ready assets. Since September 2026 I build and publish my own games under FunMint Games.

SKILLS

- **Adobe Photoshop (Expert)**
- Game UI: HUD, menus, shop/IAP, popups
- 2D game art & graphic design
- Icons, 9-slice buttons & panels
- UI/UX: wireframes, user flows
- Unity-ready asset export
- Game design & publishing

LANGUAGES

Hindi · English · Gujarati

EDUCATION

B.Com (not completed)
Aroma College, Usmanpura, Ahmedabad

12th Pass
Higher Secondary, Gujarat, India

EXPERIENCE

SEP 2026 – PRESENT

Founder & Indie Game Developer · FunMint Games

- Design, build and publish my own mobile games on Google Play.
- Animal Sort Puzzle: 4.8★ rating, 1K+ downloads.

Animal Sort Puzzle · Live | Block Link Puzzle · Live | Color Bomb Shooter · Soon | LionDoku · Soon | ApexTorque · Soon | Gunblade Legends · Soon | Block Colour Puzzle · Soon | Hexa Monkey · Soon

DEC 2025 – SEP 2026

UI Designer · Funcell Games

- Designed in-game UI: HUD, main menu, shop/IAP, offer popups, rewards and settings screens.
- Built 9-slice buttons, panels and icons with all states for Unity.
- Exported trimmed PNG assets and shared layout specs with developers.

JUL 2025 – DEC 2025

Game Designer · mFinity InfoTech

- Worked on game design and online graphics for mobile games.
- Designed game screens, banners and promotional creatives.

JAN 2023 – JUN 2025

2D Game Designer · Arth I-Soft

- Created 2D game art: characters, backgrounds, props, icons and UI.
- Designed graphics and marketing visuals in Adobe Photoshop.
- Prepared game-ready sprites and assets for the dev team.

FREELANCE · PRESENT

Designer & Web Builder · Self-employed

- Make browser games, websites and AI-generated visuals for clients.
